Options

**DreamPort**

(U) What is it?

- (U) An unclassified cyber collaboration venue entered into via a partnership intermediary agreement (PIA) with a non-profit entity; Maryland Innovation and Security Institute (MISI).
- (U) Place for interaction and collaboration between gov't partners, academia, industry and non-traditional contractors to develop solutions to the Command's capability gaps.

Overall Graphic classification: UNCLASSIFIED

DreamPort

- **State-of-the-art Cyber Prototyping and Collaboration**
- **Managed by MISI: Maryland Innovation & Security Institute**
- **Testing, Integration & Fabrication Labs**
- **Cyber Ranges and Test Networks**
- **Ad-hoc Demonstration Center**

USCYBERCOM Technical Challenge Problems

Currently 44 Unclassified Technical Challenge Problems

- **Posted on USCYBERCOM Home Page**
- **Under Partnerships Tab – Technical Outreach**
- **<https://www.cybercom.mil/Partnerships-and-Outreach/Technical-Outreach-Division/>**

Upcoming 2020 draft revision spans 6 Categories:

- ***Vulnerabilities and Exploits***
- ***Network Security, Monitoring and Visualization***
- ***Modeling and Predictive Analytics***
- ***Persona and Identity***
- ***Cross-Domain Permeability and Agility***
- ***Infrastructure and Transport***

J92 Technology Outreach: High Level

Foundational Tools

- ***Cyber maneuver tool sets or exploits***
- ***Signature diversity technology (e.g. polymorphic code)***
- ***Tool testing techniques (pen-testing)***
- ***Cyber Autonomy to advance speed and scale***

Split-Based OPS Technology

- ***Tools for integration into deployable kits/systems***
- ***Rapidly deployable sensors that include:***
 - ***Innovative remote C2 technology***
 - ***Undetectable/low signature network presence***

Analytic Tools

- ***Behavioral Analytics, Machine Learning, Artificial Intelligence & Cognitive Intuition to discover malicious or anomalous activity***

Unconventional Access Tools

- ***Tools to gain cyberspace operational access***

J92 Technology Outreach: Contacting Us

HOW YOU CAN ENGAGE WITH US CYBER COMMAND TO OFFER SOLUTIONS:

STEP 1: Review the US CYBER COMMAND Technical Challenge Problems at www.cybercom.mil/Partnerships-and-Outreach/Technical-Outreach-Division/

STEP 2: Prepare a non-proprietary response describing how your solution(s) can solve one (*or more*) of the Technical Challenge Problems. Include Technical Readiness Level.

STEP 3: Email your non-proprietary response to engage-with-cybercom@cybercom.mil.

J92 Technology Outreach: Contacting Us

HOW YOU CAN ENGAGE WITH US CYBER COMMAND THROUGH DREAMPORT:

- Register at the MISI DreamPort website, www.dreamport.tech, to receive updates and announcements.
- Monitor the site and respond to Rapid Prototyping Events (*RPEs*), Prize Challenges and other notices.
- Visit Dreamport for Cyber Conversation & Coffee (*C3*) from 0730-1000 on the 2nd or 4th Monday of each month.
- Request a tour of DreamPort on their website.

J92 Technology Outreach

Mission:

J9 Technology Outreach engages the Military Services, Industry, Research Community, Academia and Rest of Government to discover capabilities for the Cyber Mission Force to enable USCYBERCOM's operational mission.

Vision:

Continuously engage a broad network of cyber partners to provide solutions that fill current and anticipated USYBERCOM capability needs.
