#RSAC

- What is the Wassenaar Arrangement?

- What is the "cybersecurity rule," and what led to the inclusion of it in late 2013?

  - How are other countries implementing this rule?

  - What did the U.S. propose for its own implementation?

  - Why is industry so concerned about this and what are the global implications for cybersecurity?

RSA Conference2016

- Where are we now and what should happen going forward?
